What is F&T Portal (SEDIA)?

The European Commission works on an integrated, **"one-stop-shop"** web-based information management system, called **"SEDIA (Single Electronic Data Interchange Area)"** for all European Union (EU) instruments related to EC external actions and other EU bodies. It will enable you from searching and applying for funding opportunities in call for proposals to managing your grants and contracts.

Ongoing projects under the direct management modality of EU Delegation to Turkey have been included in test phase of the system. Within the scope of this test phase, the registry details of CSOs that are already available in PADOR will be automatically transferred to the new system. If there is no problem during the transfer process, information of those CSOs is expected to appear in the new system automatically.

How to Access to F&T Portal (SEDIA)?

You can reach the SEDIA Portal at <https://ec.europa.eu/info/funding-tenders/opportunities/portal/screen/home> (Figure 1)

This portal is the "Funding and Tender Opportunities (F&T Portal-SEDIA)" web page of the European Commission. On this page, you will be able to perform wide range of processes such as accessing open call for proposals, obtaining the PIC code for benefitting from the funding opportunities, accessing the results of previously implemented projects, and encoding the Logical Framework Matrix of your on-going projects, etc.. Please note that this page is still under development, and some other options and specifications are expected to be integrated into this portal in due course.

As you can see in Figure 1, you can log into the system with your account details via clicking on "**Login**" button on the upper right corner of the screen .

Here you will see a two-stage login screen. As you can see in Figure 2, after entering your e-mail address in the box, you need to click on the "**Next**" button on the screen. This e-mail address may be the same as the e-mail address that you use for PADOR, please be remember to type that address.

As can be seen in Figure 3 below, there are different methods to verify a user account other than entering a password. In this annotation, we will use one of the most common methods, utilization of a password. If you want to use other options, you can update the verification method from **"Security Setting"** option under the "EU Login account" (an avatar on the right hand side of the top of the screen) menu after logged in.

Do you want to continue the registration of your organisation to receive a PIC?

If you started the registration of your organisation in the Commission register some time ago, but did not finalise it - your organisation has not received a PIC number yet - you will not be able to see it above in the section My organisations. Please continue its registration by clicking on the button that leads you to the registration tool. You may check the information that will be necessary for the registration in the user manual.
